

# M18™ Short Throw Press Tool Kit with PEX Crimp Jaws

5.0 (7) Write a review

Our M18™ Short Throw Press Tool with PEX Crimp Jaws is the fastest press tool on the market, pressing 40% faster than the competition providing you with the fastest, effortless installs from branch to fixture. The press tool is designed for one-handed use and is an easy-to-use solution compared to hand tools. Spring-loaded jaws grip the ring giving you precise alignment on the fitting, while Auto Cycle ensures a full press every time delivering the added assurance of quality connections. The plumbing press tool provides force optimized for residential installs and eliminates the downtime caused by calibration intervals, reducing your cost of ownership and maximizing productivity for the residential installer. The cordless press tool is powered by our MILWAUKEE® M18™ REDLITHIUM™ battery, allowing you to Cut, Fasten, and Connect on One System.
