

INDUSTRIAL CORD CONNECTOR

Posted on February 13, 2018 by Sharon

Protect your corded tools and extension cords from knotting and tying with The Industrial Cord Connector. It works by simply adding the Cord Stop to the ends of both the corded tool and extension cord, then covering the Stops with the Barrel Cover and cinch the straps tight.

Industrial Cord Connector Kit, includes: 1x Barrel Cover, 2x Cinch Straps and Cord Stops for #10, #12, #14, #16 Cables.

Part # 97100 – Industrial Cord Connector Set – Barrel & Cord Stops

Rack-A-Tiers is dedicated to pushing innovation in the electrical industry. As a family run business, we want to supply tools that any electrician would be happy to use every day.
