

- Open box Support secures boxes and plaster rings between studs 16" and 24" on center.
- Accommodates 4", 4^{11/16}" and multi-gang boxes.
- Open design allows infinite adjustability - box can be placed in any horizontal position along the bracket.
- Stamped markings at 1/4", 1/2" and 1" increments allow the installer to easily locate the desired box position.
- See Ruff-IN™ brochure for pre-fab box assemblies.
- Finish: Pre-galvanized
