

- Silicon carbide grain
- Long life

For use on: Concrete

#### Specifications

|             |                             |
|-------------|-----------------------------|
| Part No.    | 23223                       |
| Tools       | Angle Grinder, Circular Saw |
| Feature     | Concrete                    |
| Type        | 1                           |
| Application | Cutting                     |
| Max RPM     | 8,500                       |
| Box Qty.    | 25                          |
| Thickness   | 3/32"                       |
| Arbor       | Dia.                        |
