

## Features

Power through clogged grease fittings with a motor that delivers up to 10,000 max PSI

High-volume pump pushes up to 5.0 oz/min for high-flow applications

Control grease flow with the variable speed trigger

Reach hard to access grease fittings with the 42 in. flexible hose

Locate hard to see grease fittings in dark work areas with the bright LED

Pump filter screen prevents dirt and contamination from clogging the pump mechanism

Integrated no-mar foot design allows operators to rest the tool on flat surfaces

Air-bleeder valve assists in pump priming after cartridge changes

## Includes
