REMOTE CABLE CUTTERS WITH CUT CONFIRMATION

GREENLEE ESG65LXR & ESG105LXR

Professional. Nothing Less.™

GREENLEE®

DEDICATED TO PROTECTING YOU

The Greenlee remote cable cutters were developed in unison with utility professionals, *creating a method to "remove the target" from the test area* when cutting electric cables.

Unlike overhead electric power distribution systems, underground, shielded electric cable systems cannot be visually traced back to an open point to ensure the cable is isolated.
