

DESCRIPTION

The MILWAUKEE Universal Fit OPEN-LOK 1-3/8 in. Titanium Enhanced Bi-Metal Multi-Material Oscillating Multi-Tool Blade 10 Pack is made from premium high-speed steel. This 1-3/8 in. bi-metal blade is ideal for cuts in wood, nails, PVC, and drywall. The titanium enhanced bi-metal multi-tool blades deliver faster cuts vs the previous generation, featuring more teeth with an increased cutting width and a deeper plunge cut. These oscillating multi-tool blades are designed with global materials.

Milwaukee® 1-3/8 in. Titanium Bi-Metal Universal Fit Wood and Metal Cutting Multi-Tool Oscillating Blade (10-Pack)
