

CHEATER Steel Adaptable Pipe Wrench

5.0 (6) Write a review

MILWAUKEE® CHEATER Adaptable Pipe Wrench features a new-to-world 3 length design, which delivers maximum productivity to the professional plumber. The CHEATER has two interchangeable threaded handles offering the versatility of 10" length when used with no handle for tight spaces, 18" length with the small handle for general purpose, and 24" length with the long handle for maximum leverage and reach. The CHEATER features an overbite jaw design offering the largest grip surface and dual coil springs for maximum durability and tool life. Tether-ready handle loops make the CHEATER Adaptable Pipe Wrench ready for the jobsite.
