

The DEWALT Electrical Cable Cutting Tool (DCE150) is capable of cutting a full range of copper and aluminum cable up to 750 MCM Cu/1000 MCM Al. A hardened steel cutting blade provides long life, can be self-serviced, and is replaceable; a convenience for working in the field. A bright LED light helps to illuminate the cutting area and inline forward/reverse switch offers quick and convenient one-handed operation. This tool also includes an attachment point and a shoulder strap for convenience when transporting around the jobsite.
