

## Fein Annular Cutter

With their unique center-free design, Slugger annular cutters cut only the outside of the hole, ejecting the remaining center as a slug. These cutters produce reamed quality, burr-free holes in one operation, eliminating costly pilot holes and step drilling.

- Diameter (inches):** 5/8
- Cutting Depth (inches):** 1
- Arbor Size (inches):** 3/4 inch
- Shank Size (inches):** 3/4 inch
- Construction:** high speed steel
