

# Model Number: 48-00-5202

The Torch with Carbide Teeth has been engineered to deliver extreme life and unmatched versatility in thick and extreme metal cutting applications. This blade delivers up to 50X life over standard blades. The Torch with Carbide Teeth tackles a wide variety of metal materials ranging from black pipe and angle iron to cast iron, stainless steel and high strength alloys. Having 25% more carbide per tooth than other carbide blades and a optimized tooth design deliver extreme life in metal cutting applications.

## Features:

- Carbide teeth for 50X life in thick metal
- Optimized tooth design for speed and durability
- 7 TPI for fast efficient cutting in thick and extreme metals
- 25 percent more carbide per tooth for longest life
- 70 percent larger gullets for rapid chip removal
- 1 in. tall body for demolition
- 1-blade per pack

## Specifications:

- Pack Qty 1
- Length 9 in.
- Material Cut Metal
- TPI 7
- Composition Carbide
- Width .05 in.
- Height 1 in.
